Scheme for organiza-
tion of new art school
etc

V

1841/1

Oct 1 - 1889.

Mr S H Kauffman.

Ch. art Com. Concord Art Gallery

Dear Sir

I herewith enclose for the consideration of the board of trustees a scheme for the organization of the new school & such arrangement of classes as appears the rooms will admit of.

The rules & regulations are most of them common to those schools in which I have studied, as also those to whose rules I have had access from their publications & intercourse & correspondence with their officers.

I think that each of your ground

floor rooms will accommodate not more than fifteen (15) students at one time, & the life class room about twenty five (25). I would suggest the leaving the numbers of students to be received blank, with asterisk * stating below that the Art Committee will, at their discretion, (as experience shall warrant,) regulate the numbers by special instructions to the officers immediately in charge.

The applications already amount to nearly ninety (90). & receive daily additions, (15) Fifteen in each lower room & twenty five (25) in the life class make a school of seventy (70). By the

arrangement of morning & afternoon classes it will be possible to offer instruction to one hundred & forty (140)

It seems certain that for the Elementary class you will need a special instructor. At present I am not convinced that you will need more than this special instructor, & one general instructor for the Antique & Life Classes, certainly considering the limitations of the building you will not need more than three (3) in all, viz Elementary, Intermediate, & a general supervising instructor of these & who could take charge of the Antique & Life Classes. Instruction in perspective can be given by

lectures say monthly or semi-monthly.

Such lectures can be given by anyone who has had art academic experience or who requires ^{perspective} ~~it~~ in his profession, such as artist, architect, mechanical draughtsman &c -

A certain number of lectures on exterior anatomy can with great advantage be added to the course of study. These can be obtained from experts & those who make such lectures a specialty. The limited dimensions of the school preclude study by dissection & the same is in my opinion unnecessary - If it is the policy of the board to institute a night class for cast drawing

or life class, or both, I would suggest
an early notice in daily paper that
such will be organized if applications
are made in numbers sufficient to
justify. As it is necessary to separate
the sexes in study from the life (nude)
I suggest that the Class room be
reserved for ladies in the mornings
& for gentlemen in the ~~afternoon~~ Evening.

The afternoons to be open to both as
model will be draped. A complete set
of casts for elementary & intermediate
rooms will be required as soon as the
building is ready & it would be of great
advantage to have them ordered by selection
in person as soon as possible -

Considering the entire revolution in the department of study & instruction, permit me to suggest that the change should extend to the system, rules & requirements concerning the awarding of the ~~gold~~ Annual gold medal.

Even with the limited number of contestants heretofore competing, who were, from the exigencies of our conditions, practically in the same class, the committees of award have been greatly embarrassed. To decide upon the best work would have been comparatively easy compared to the proposed problem to decide upon the greatest progress.

In an organized school however the greatest progress is sure to be (at least apparently) in the very beginning, & in drawings which would hardly be ornamental or valuable as mementoes of work done in the school. If the award should be made for the best drawing from full length antique statue or from life, of standard size (46 in) & made by a pupil who had spent at least one scholastic year in the institution, I think the object of the award would be attained.

The medal as a stimulant has proved to be of great service, the

desire for promotion from the lower classes will perform for them the same service. If I may be permitted to offer my views regarding the assistant needed for the Elementary class, I would state that Miss Winnegerode has not only mastered the character of work required in this department, but has had successful experience as a teacher which is equally necessary and she is in my opinion fully competent for the position.

I remain dear Sir yours with
great respect
E. F. Andrews,
Instructor.

Dr. Barbarine

Dear Sir:—

He will
furnish ^{2nd} set complete 72'4" of rubbed
blue stone curbing 3" thick @ .60[¢] = \$43.40
also 2 Circular bends cut from solid = 12.00
Will recut ^{2nd} set coping around
area window for ————— 10.00
Will joint, grub in ^{2nd} set Seneca
coping for ————— 22.00
Will work 2 Caps to set on brick wall for 14.00
Total amt \$101.40

Will allow for 13'0" of Seneca
coping now on ground @ \$.50[¢] ft. = \$19.50
also 72'0" of blue stone coping
@ .50 per ft. ————— 36.00
Total amt 55.50

This makes the total bid = = = = = \$45.⁰⁰

Respectfully
Edward Cullaghan
Wm.

B. F. Stevens, 4, Trafalgar Square,
Charing Cross, London, England.

EVERY READER HIS OWN IMPORTER OF
ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY-FIVE CENTS TO THE SHILLING.

B. F. STEVENS'S American Library and Literary Agency was established in London in 1864 for the supply of European books to Public Libraries and private collectors in the United States. The facilities and economies offered by this agency to book buyers in America include:—

Prompt execution of orders. All books are despatched by early mail or steamer.

NEW BOOKS are charged at trade prices, which are usually twenty-five per cent off the price of publication.

OLD OR SECOND-HAND BOOKS are charged at lowest net prices.

Commission of ten per cent on trade or nett prices.

Book postage to America is only one halfpenny for every two ounces up to four pounds weight.

Small quantities of books may be included in B. F. Stevens's weekly shipments to his New York agents, each package being charged with its proportion of freight, expenses and clearance at the Custom house, exclusive of duty, thus making the cost of transit very moderate. Larger shipments are consigned as the buyer instructs.

The discount off publication price is about equivalent to the cost of freight or postage and commission; hence in making purchases of new books it is safe to estimate that the books would be received at a cost of 25 cents to the shilling (publication price) exclusive of duty, if any.

Priced lists of current publications, with publishers' announcements and literary notices, are printed in the *Publishers' Circular*, issued fortnightly, and in the *Bookseller*, monthly. Special attention is paid to forwarding catalogues of English and Continental publishers and booksellers when desired.

Superior Library Binding can be done in half levant morocco in a few days, and costs considerably less than in the United States.

The United States duty of twenty-five per cent is taxed on the net prices of books printed within twenty years. All older books are duty free.

Public Libraries, Colleges, Academies, and other incorporated institutions are entitled to make all their importations free of duty.

OLD AND SECOND-HAND BOOKS.

THE extensive experience of this Agency in the selection and purchase of rare old books and manuscripts is placed at the service of book Collectors in the United States. Book auctions are carefully watched and good knowledge kept of the stocks of the old booksellers of Europe. Lists of desiderata have the best attention, and in the selection of books the most careful comparison of copies is made.

Advance copies of sale catalogues, when they are printed in sufficient time for orders to be sent before the sale takes place, are supplied when desired.

Special attention is also paid to binding old books in the most appropriate manner by the best English and French binders.

Circulating Library copies of new books are usually to be had three to six months after publication at considerably reduced prices, and when put into half morocco binding make handsome books at low prices.

Engravings, Drawings and Paintings, Philosophical Apparatus, Scientific Instruments, and all other wants of libraries receive due attention.

This being a strictly ready money commission business, it is necessary that orders should be accompanied by funds, and that current accounts should be kept well covered.

Remittances to B. F. Stevens, 4, Trafalgar Square, Charing Cross, London, England, may be made in sterling by Bankers' drafts, or Post Office orders on London; or in American currency at five dollars to the pound sterling, this being 25 cents to the shilling. For odd amounts send postage stamps.

The New York agents of B. F. Stevens are Messrs. TICE & LYNCH, 34½, Pine Street, who will supply copies of this list, and receive payments on his account.

*B. F. Stevens, 4, Trafalgar Square,
Charing Cross, London, England.*

B. F. STEVENS'S FACSIMILES
OF MANUSCRIPTS IN EUROPEAN ARCHIVES
RELATING TO AMERICA, 1773—1783.

*Two hundred copies only are made and
the photographic negatives are destroyed.*

THE first volume of this important work is now ready for delivery to subscribers, the second volume is far advanced, and the third, fourth, and fifth volumes are in active preparation.

The subscription price is \$100 for each group of five volumes.

Full prospectus, with opinions of historians and literary men, sent free on application.

A specimen copy of the first volume may be seen at the office of Messrs. Tice and Lynch, 34 $\frac{1}{2}$, Pine Street, New York.

Washington, D. C. Nov. 23. 1889,
To the Committee on the Building,
Gentlemen.

I beg leave to call attention to the fact that the present force employed in the building is not sufficient to keep it perfectly in order, and as the additional rooms are fitted up, more help will be absolutely necessary.

Under authority given the Committee on the Building, by the Board of Trustees on April 9, 1888, and to relieve the present pressure, I respectfully suggest that the woman who has been acting as a substitute for M^{rs} Fleming during a recent sickness, be retained after M^{rs} Fleming's return to her duties. The name of this person is Miss Degrey, and I have found her faithful, and attentive, and a most excellent woman for the work required.

Very respectfully,

Edw. J. Barbavin,

Curator

Approved by the
Committee on the

Building. 24 Nov 89

Attest. 24 Nov 89

Miss E. L. Fleming
returned to duty on
Dec: 1. 1889, and Miss
Annie M. Digney
was employed from
that date (under
authority given within)
at \$20 per month

Carl Mayfeld
56 Grosser Heasengrad

Frankfort a Main

Nov. 26th 1889.

There exist about:

15 Publications about
the Mayfeld's Watch collection!

Dec 13/89
Amst 18/89

To the

Cornwall Art Museum
Baltimore Md.

To you will see by the
catalogue I send you to-day,
I am in possession of a
great collection of antique
Watches, that is quite unique
of its kind and that has
described in the principal
Reviews of the following countries
America, England, France,
Switzerland, Netherlands,
Denmark, Germany etc.

It contains by instance
The oldest watch of the world,
the only known piece of the
inventor Peter Henlein
(Peter Hele) of Nuremberg,
further a watch, entirely

made of Wood
idem entire of Ivory.

" with an iron-cut case.

" with a china-case; it
contains further the best, that
ever was made in enamelled,
engraved, & chased (circle)
work in combination with
watches.

By regards of health
I have resolved to sell this
paragon-collection and as it
would be a great attraction and
a first-rate acquisition for
a museum, I beg to ask if
you are not willing to buy
it.

The price would be - as long as
free - \$15,000. and can be

called a bargain - if you have
a mind to buy, please wire
me back at once, because
there are some more addresses
in your country as probable
purchasers of the Collection
designed to me by Mr.
Fno Ward Stinson of New York.

The catalogue I send
you does not contain all the
watches of my collection, as
well as there are some ones
in the book that I have
exchanged for others of still
better quality; the whole
collection consists in
120 Watches and single movements
and
25 Plates with Engravings of the

Kind of Plate 16, 17, 18 in my
book.

Awaiting Your
answer, I remain
